

SCHOLARS@DUKE

Discover the world of research and scholarship at Duke

Thank you for coming to Scholars@Duke Photo Day!

Want your photo(s) retouched? Please see the offer below from the photographer for retouching services --- **Please work with him directly.**

A Message From the Photographer:

Thanks for sitting for me for your Duke Scholars Portrait. Though I strive for a good headshot of each person, there's no guarantee that someone's having a good hair day, or that my light will be great on EVERYONE, especially when we are talking about 200+ people. And sometimes the difference between a good headshot and a bad one can be just a few flyaway hairs or a pimple. Not everyone will want or need a retouch, so I'm offering retouching services on the photo of your choice for \$30 per photo, to be paid via PayPal.

When I retouch photos, I do a very 'low-key' retouch; I clean up blemishes on the face, get rid of stray hairs on the perimeter of the head, clean dust and other specks off clothing, maybe lightly smooth out some eye wrinkles. It's very subtle, and you can't tell it's been done unless you have the original photo and retouch side by side. However, unlike the washed-out and fake look of Instagram or SnapChat, I do not apply a filter and call it done. Everything is done by hand and customized to the individual photograph, and based on your request.

*If you are interested, please email me at leon@lionnerd.com with the FULL FILENAME (including number at the end) of the photo you'd like to have retouched, and any specific requests you may have. Depending on demand, turn-around time may vary. One final note: If you have reflections in your glasses that you'd like to remove, I *may* be able to fix it, but I can't guarantee. Send me your request and I'll do my best and if it's not possible or not satisfactory, I won't charge you. Thanks!*
